01 - THE COMPANY

Your import partner from China to the Horn of Africa.

Jeeh Motors is a vehicle and machinery import company specialising in Chinese electric passenger cars, heavy commercial trucks, agricultural equipment and construction machinery. We handle the full journey — sourcing, shipping, customs, homologation and after-sales — so our dealers and fleet clients receive road-ready vehicles.

With sourcing offices in the UAE and a logistics hub at Djibouti port, our head office in Addis Ababa and showrooms in Jigigja and Dire Dawa, we move vehicles reliably across the region.

5 OFFICES & HUBS 4 VEHICLE CATEGORIES 20+ MODELS AVAILABLE

AT A GLANCE

12 years importing vehicles across Ethiopia & Djibouti.

For the past twelve years Jeeh Motors has imported vehicles into Ethiopia and Djibouti. We supply wholesale from the Djibouti free zone and, in the last year alone, imported 1,750 units of all vehicle types into Ethiopia — serving a large base of both wholesale and retail customers.

06 - COMMERCIAL VEHICLES

Sinotruk HOWO range

Heavy-duty tractors, cab-chassis and dump trucks built for long-haul freight and construction sites.

Sinotruk HOWO TX 371 TRACTOR / CAB-CHASSIS	Sinotruk HOWO TX 400 HEAVY-HAUL TRACTOR	Sinotruk HOWO 336 Dump CONSTRUCTION DUMP TRUCK
POWER 371 hp TOPI 8x4 USE Long-haul tractor 40 t	POWER 400 hp TOPI 6x4 USE Heavy haulage 49 t	POWER 338 hp TOPI 6x4 USE 18 m³ tipper 25 t

07 - AGRICULTURE

Lovol farm machinery

Tractors and combine harvesters for field preparation, haulage and crop harvest.

Lovol Tractor 4WD UTILITY TRACTOR	Lovol Harvester GRASS COMBINE HARVESTER
POWER 90–180 hp DRIVE 4WD USE Tillage & haulage 540 / 1000	POWER 100–230 hp HEADER 2.0–3.0 m CROP Wheat / rice / maize 5,000 L

08 - CONSTRUCTION

Sunward equipment

Crawler excavators and wheel loaders for earthmoving, quarrying and site work.

Sunward Excavator CRAWLER EXCAVATOR	Sunward Wheel Loader FRONT WHEEL LOADER
OP. WEIGHT 21.5 t BUCKET 0.9 m³ ENGINE 118 kW REACH 9.9 m	OP. WEIGHT 17 t BUCKET 3.0 m³ RATED LOAD 5 t ENGINE 162 kW

09 - CHARGING & RANGE

Blade battery, faster charging

Our BYD EVs use the cobalt-free Blade LFP battery — safer, longer-lasting and built for hot climates. Charge at home, at work, or on DC fast chargers across the network.

BATTERY BYD Blade LFP — cobalt-free, high thermal stability, long cycle life.	AC CHARGING Type-2 / GB/T, 7–11 kW for home and workplace charging.
DC FAST CHARGE Up to 150 kW — roughly 30–80% in about 30 minutes.	RANGE STANDARD Quoted on CLTC cycle; real-world varies with load & climate.
PHEV RANGE Leopard models combine fuel + electric for 1,000 km+ touring.	V2L POWER Vehicle-to-load — run tools & appliances from the battery.

10 - IMPORT, WARRANTY & SERVICE

Covered from port to pavement

Full import handling, factory-backed warranty and a service network across Ethiopia.

Vehicle warranty 1 year / 300,000 km, whichever comes first.	EV battery & drive 3 years / 350,000 km on the Blade battery and motor.	Commercial & machinery 1 year / 2,000 hours powertrain coverage.	Genuine spare parts Stocked in Addis Ababa and Dire Dawa for fast turnaround.
Trained technicians Factory-trained service, with mobile support for fleets.	Full import handling Customs, duty and homologation managed end-to-end.		

11 - LEADERSHIP

The management team

Abdourahman Said Founder & Board Chairman UAE	Mahad Iye Chief Executive Officer (CEO) ADDIS ABABA	Amina Abdella Finance & Administration Manager ADDIS ABABA	Yohannes Mulugeta Sales & Marketing Manager ADDIS ABABA	Biniam Workalemahu After-Sales & Service Manager ADDIS ABABA
